Not Just Consultants, But Also Study Partners

Who we are?

We are an organization based in India and Russia, working to recruit interested students into Medical Universities Abroad, with a focus on providing accurate and genuine information to students all across the sub-continent by using various means to reach out to the potential candidates.

Our Mission?

We at DoctorsQuery are trying to make the Medical Education Abroad (MBBS) a unique experience for our students by guiding the young minds through their journey to become doctors. Our Mission is to Provide Opportunities to Students in Fulfilling their Dream of Studying Medicine and Become Doctors.

Our Vision?

DoctorsQuery has a Vision to Bring Transparency and gain Trust of Students & Their Parents about MBBS Abroad.

Universities we are working with:

Currently we are working with Universities of Russia, Ukraine, Kazakhstan & Philippines, and have been sending students to these universities since past 5 years.

DR. SUDHIR MITTAN

Ceo's Message

"DOCTOR" the word itself has lots of responsibilities people who have the abbreviation of this word in front of their name have a Nobel place in our society. There are many students who want to become a doctor and serve our nation and society but their dreams are crushed because of rejection which they face in several medical competitive exams and as a result they are left with no option other than dropping their precious dream. We at DoctorsQuery make students aware about MBBS abroad, pors and cons about it and make the process affordable, easy and transparent for then such that every student get a chance to fulfill their dreams.As a student what I have learned from my school days till date is many people don't achieve excellence because of lack of vision or limited vision to achieve the goals and dreams we need to dream beyond what is possible. Everything that we see today was a dream before became reality. All I would like to as is being a medical student one should live with enthusiasm, direction and a sense of purpose and make your parents and family members proud one day!! As a CEO I would conclude by saying "PROSPERITY BRINGS RESPONSIBILITY. WE CANNOT BUILD INDUSTRY AND INFRASTRUCTURE WHILE DESTROYING THE MORAL AND SOCIAL FIBER".

Being a doctor requires many years of dedication, hard work and lots of sacrifices which a medical student has to go through. Medical students don't study for their degree but they study to save lifes; they study for the day when everyone looks upon them with great hopes and they are only one standing in between their patients life and death bed. It need lots of dedication towards a profession like MEDICINE where you have to keep aside all your personal matters and work day and night for betterment of others. WE at Doctors Query work and help students not only to fulfill their dreams but also provide Nobel laureates called DOCTORS who serve our nation and society.

ARUN DHIMAN

DR. VIKAS PILANIA

We firmly believe that no dream is too big, and no case too trivial, when it comes to overseas dream. We can proudly state that many of our alumni have been placed in world class universities around the globe. We believe in promoting and working towards a border less world, where knowledge and labor flow in efficient patterns across the world. We believe in a truly merit based world where the best talent is mapped to the best job, and the best student to the best university, irrespective of nationality and circumstance. "We have promises to keep and miles to go before we sleep". "We as a doctor understand the responsibilities towards the world, the knowledge to cure & the same we try to give our students"We as a DoctorsQuery made a promise to ourselves and to you, to provide the best quality service, and we are honored to keep our promise to help you realize your dreams, dreams to wear white suite, dreams to serve the needed.

Doctors Query team, being in part comprised of medical students themselves, empathize with students, knowing all the troubles and hardships a medical student has to go through, As a result, guided by Hippocratuc Oath the goal of Doctors Query is to how the Light to Students paving early Paths for their Bright Future.

About Us

DoctorsQuery came into existence in 2018, After receiving the huge amount of love and support from our fellow students, our juniors and their respected parents. It can't express in words the sense of satisfaction which I get when a new student seeking admission for mbbs abroad and their parents come to us and say "because of you we are able to fulfill our dreams of pursuing Mbbs "" Because of you we are able to trust and send our children away from us" these priceless words not only give us happiness but it also motivates us to work with double dedication and hard work and make Mbbs abroad more and more transparent and also help more number of students to fulfill their dreams and the admission in the Universities of their choice and requirements.

THOUGHTFUL TRANSPARENT TRUSTWORTHY

THOUGHTFUL: We work with a motive for providing students the best universities of their choice and under their budgets.

TRANSPARENCY: We tell students every detail of the university such as the medium of teaching, hostel fees, expenses without any hidden information or any greed and make sure that we are able to clear their every tiny doubt such that they don't face any problem after reaching their university.

TRUSTWORTHY: We ourselves are students and know the ground reality of the university and its education level so we can best guide the students unlike consultants and agents who have never been to universities but just promote and misguide students for the seak of their profit.

ELIGIBILITY CRITERIA

As per the Medical Council of India the minimum qualification for Indian Students to study abroad is:

- **У** 50% in physics, chemistry, and biology in 12th standard.
- ☑ In case of SC/ST, it is 40%.
- Should qualify the NEET exam.

 50 percentile (General Category)

 40 percentile (SC/ST/OBC)
- **✓** The minimum age should be 17 years.

With our experience of living and Studying in Russia, we suggest students to choose a full English University which provides education for all 6 years in English. The biggest benefit of studying in a full English University is that the class as well as exam are held in English Language unlike other universities where students have to give exam in Russian Language, which can be a tiresome process and sometimes unmanageable by students.

Temperature 32°C (Summer) to 18°C (Winter)

It is an archipelago consisting of some 7,100 islands and islets lying about 500 miles (800 km) off the coast of Vietnam. Manila is the capital, but nearby Quezon City is the country's most-populous city. Both are part of the National Capital Region (Metro Manila), located on Luzon, the largest island. The second largest island of the Philippines is Mindanao, in the southeast.

The Philippines takes its name from Philip II, who was king of Spain during the Spanish colonization of the islands in the 16th century. Because it was under Spanish rule for 333 years and under U.S. tutelage for a further 48 years, the Philippines has many cultural affinities with the West. It is, for example, the second most-populous Asian country (following India) with English as an official language and one of only two predominantly Roman Catholic countries in Asia (the other being East Timor). Despite the prominence of such Anglo-European cultural characteristics, the peoples of the Philippines are Asian in consciousness and aspiration. The country was wracked by political turmoil in the last quarter of the 20th century. After enduring more than a decade of authoritarian rule under Pres.

Welcome to Ukraine

Ukraine is a large country in Eastern Europe known for its Orthodox churches, Black Sea coastline and forested mountains. Its capital, Kiev, features the gold-domed St. Sophia's Cathedral, with 11th century mosaics and frescoes. Overlooking the Dnieper River is the Kiev Pechersk Lavra monastery complex, a Christian pilgrimage site housing Scythian tomb relics and catacombs containing mummified Orthodox monks.

A fully independent Ukraine emerged only late in the 20th century, after long periods of successive domination by Poland-Lithuania, Russia, and the Union of Soviet Socialist Republics (U.S.S.R.). Ukraine had experienced a brief period of independence in 1918–20, but portions of western Ukraine were ruled by Poland, Romania, and Czechoslovakia in the period between the two World Wars, and Ukraine thereafter became part of the Soviet Union as the Ukrainian Soviet Socialist Republic (S.S.R.). When the Soviet Union began to unravel in 1990-91, the legislature of the Ukrainian S.S.R. declared sovereignty (July 16, 1990) and then outright independence (August 24, 1991), a move that was confirmed by popular approval in a plebiscite(December 1, 1991).

Temperature 30°C (Summer) to -20°C (Winter)

Kazakhstan, also spelled Kazakstan, officially Republic of Kazakhstan, Kazakh Qazaqstan Respublikasi, country of Central Asia. It is bounded on the northwest and north by Russia, on the east by China, and on the south by Kyrgyzstan, Uzbekistan, the Aral Sea, and Turkmenistan; the Caspian Sea bounds Kazakhstan to the southwest. Kazakhstan is the largest country in Central Asia and the ninth largest in the world. Between its most distant points, Kazakhstan measures about 1,820 miles (2,930 kilometres) east to west and 960 miles north to south. While Kazakhstan was not considered by authorities in the former Soviet Union to be a part of Central Asia, it does have physical and cultural geographic characteristics similar to those of the other Central Asian countries. The capital is Nur-Sultan (formerly Astana, Agmola, and Tselinograd), in the north-central part of the country. Kazakhstan, formerly a constituent (union) republic of the U.S.S.R., declared independence on December 16, 1991.Kazakhstan's great mineral resources and arable lands have long aroused the envy of outsiders, and the resulting exploitation has generated environmental and political problems.

What our Students Say

Omprasad Kotnis

Rating 5/5 no doubt .Sudhir bhaiyya and his entire team is just wow... What to say about Doctors Query, best consultancy with all the core members are like brothers and the BOSS of the group Mr. Sudhir Mittan is our guardian , brother, problem solver and everything here in Crimea. I think Doctors Query's management and facilities are best in the whole Crimea. From before coming to Russia till now Doctors Query solved my all queries and helped me every time whenever I was in trouble and worried. And all the members of our Doctors Query family are also so nice. We all are family and live here as a family, helping each other in problem and enjoying every moment of our hostel life. Sudhir bhaiyya is our parent and core members of Doctors Query are like our elders in this family. Thank you Doctors Query for everything you've given to us.

Srijan Chandel

I am Srijan, first year student at CSMU from Himachal Pradesh. Doctors Query solved my all problems from first day of contact till now. They gave us best facilities in Crimea from food, fees to everything they treated us as like their brothers and sisters. From the very first day their guidance is very important to me and all the students here. Everything from coming here, entrance and admission made the easiest because of them. Thanks Team Doctors Query. 5-5 Excellent...

Soumya Bharadwaj

OTHERS WANT CROWN, I WANT WHITE COAT & I ACCOMPLISHED MY DREAMS!" -All thanks to Doctors Query Team. This is why I chose Doctors Query and it just felt right, the whole experience has been great. I'm very happy and satisfied with all facilities provided by Doctors Query. I strongly recommend Doctors Query to all students who need admission for MBBS abroad. My rating is 5/5 for them.

Naveen Yadav

Hello I'm Naveen, a medico in Russia. Sudhir bhaiyya, the founder of Doctors Query is gold. He is a very kind and professional person. He helped me from the beginning to the end of the process to get admission in MBBS at the Crimean Federal University. He was always available to answer all my questions and helped me with all the documents that I needed. He always had excellent advice for every situation. I am very grateful for his priceless help. Thanks to him and Doctors Query.

Sakshi Verma

Hello, I am Sakshi Verma, student at CSMU. Here I feel it's my privilege to convey my gratitude for supporting me with all the documentation, application and visa process for the whole team of Doctors Query. From before coming to Russia till now, Doctors Query solved all my problems and queries. I think Doctors Query is best consultancy for foreign education and support of Dr. Sudhir Sir and his team is very good and supportive with each step for getting here. Their team completed all their promises which you did in India. I haven't faced any single issue with my admission process. Thank you Doctors Query for everything and taking care of us like a family. I strongly recommend Doctors Query to all students who need admission in MBBS abroad. My special thanks to Doctors Query!!! Undoubtedly.....5/5.

Abhijnan Bhukta

Hello I'm Abhijnan, student at Crimea State Medical University from West Bengal. I can surely say that Doctors Query has done so many things regarding my admission here to their best. No other consultancy can do this for their students. The best thing they had was the loyalty and truthfulness and much more. I will only suggest Doctors Query to every student who wants to pursue his dream of becoming a doctor from a foreign country. Thanks team Doctors Query, Mr. Sudhir Mittan (Sudhir Bhaiyya) for the support, care and everything.

Kavya Gangwar

I am Kavya and I'm really thankful to the Doctors Query team for their consistency throughout. Having a constant support out here means a lot. We could trust these guys and if in any problem we had them by our side always. They brought us here, and like a family even do care of us be it any festivity, our birthdays they don't let us feel home sick. Thank you team Doctors Query and Mr. Sudhir Mittan for being so reliable. I rate you 5.

What our Students Say

Shekhar Suman (Bihar, Patna)

I am Shekhar, student of 1st year at Crimea State Medical University. Doctors Query solved our every problem from the first arrival to Russia till now. No improvements needed at all, it is best on this potential. The facilities given by Doctors Query are best and I am highly satisfied with this team. They gave a perfect guidance to pass the entrance exam, took our regular classes and taught us the pattern of the exam. The rating if needed will be 5/5 from me to Doctors Query.

Riya (Solan, Himachal Pradesh)

I am Riya. Doctors query has been a constant support throughout. Away from home we got a family over here. We can trust each and every member of the team and regardless of the fact that most consultancies are just bothered about their personal benefits, they have been always there to take care of us. Be it the medical or the admission process or the fee payment we have been guided all through. Mr. Sudhir is the head and like an elder brother. He had always been a support system. It's good out here because we got in through the right people. Thank you so much Doctors Query and I personally rate you 5/5.

Ayushi (Visakhapatnam, Andhra Pradesh)

Doctors Query from day one till the end responded well and given all support made us prepared well for entrance exam. Hello I'm Ayushi, a medico in Crimea. Doctors Query provided us food and when I was in problem helped a lot. Made us feel like the family by celebrating Diwali. I hope in upcoming days they will help us like this only and support us even further too. Thanks 5 out of 5.

Ritesh Takle (Aurangabad, Maharashtra)

Starting from the first day of my conversation with Doctors Query, I got everything more than it should be from them. I don't think that they were unable to solve any of my problems till now. The team they have is the best thing they have indeed. Everyone in this team is with us when we need them. They are really helpful and caring too. My gratitude towards Sudhir Bhaiyya for all of his efforts and other things he did for us. There are no suggestions from my side which I want them to implement. I'm really satisfied by getting everything here in Russia from them as they promised me India. They don't work for money I'm sure, they work for our people, they work for India. Thanks Doctors Query. Thank you for being true and loyal which makes you different than others.

Puja Paul (Kolkata, West Bengal)

Doctors query has been very honest and helpful throughout. They are very trustable group as they provided true information regarding the University and other processes. I would say Doctors Query is the best from other consultants as they solved our every problem from the first day of coming to Russia till now. All members of Doctors Query are too much supportive and nice. Doctors Query has given us all the facilities whatever we wanted. I am really satisfied with their facilities by getting everything in Russia from them. They have given outstanding guidance .They guide us as parents, guardians, elders at every situation. They are very genuine and excellent group... Doctors Query family is our own family as they helped us every moment whenever we were in problem. They kept their promises as they told us in India. I am so much glad that I got a real and right group. They are very loyal and caring for everyone. Thanks Doctors Query.

Ashadul Hoque (Guwahati, Assam)

Being a doctor is my childhood dream. After consecutive failures in NEET, I decided to pursue MBBS from Russia. One of my cousin, who is already pursuing MBBS in CSMU, had recommended this university and Doctors Query's consultancy. After successfully taking admission, I can say Doctors Query is the best overseas education consultancy. All the members of Doctors Query are trust worthy, genuine and supportive throughout the process of documentation and visa. Today I am happy all because of Doctors Query. Thank you Doctors Query for your care, support and love. I rate 5/5.

Sahil Beniwal (Haryana)

Hello, this is Sahil, student at CSMU. Doctors Query from the starting is not a consultancy for me at all; it is next to my family. I must say their support, care and services are so good that you will not get them at any consultancy out there. My special thanks to Mr. Sudhir Mittan for his help like an elder brother. They are just best guys; I don't think any student will have any problem with them now and then. Thank you Doctors Query.

Frequently asked Question (FAQ)

$\label{eq:Q1.IsThe Bachelor's Degree From These Universities ecognised In Other Foreign countries And India?$

Yes, the bachelor's degree from these universities is recognised in 180 countries all around the world, including India. The graduates who pass out from these universities can practice in the below-mentioned countries after they complete the rules provided by the government of these countries.

- a. India: Students would need to clear the National Council of Education conducted Screening Test. The screening test is held two times in a year (last Saturday or Sunday in September and the last Saturday or Sunday in March).
 b. United Kingdom: The students would have to qualify for the PLAB examination.
- c. United States of America: Students have to pass the USMLE.
- ${\bf d. \, European \, Union \, (EU):} The \, {\bf European \, Union \, recognises \, the \, bachelor's \, degree \, provided \, by \, the \, universities.$

Q2. What Are The Rules And Documents That Are Needed To Apply For A

You can apply for your passport online now as the whole process has been moved online for better convenience. For this, you have to visit the website www.passportindia.gov.in. In the site, you will be able to view the number, address, and name of the various passport Offices that are situated in India. You can initiate the process by submitting your application online, or even send it to the given address by speed post.

It is always recommended to apply for the passport at the earliest as the whole process would take time. Once you submit the form, you will get an appointment date. You would have to be present with all your documents to the given address at the given time. The following documents will be required when you apply for your passport:

- a. Birth Certificate
- b. Educational Qualifications
- c. Identity and Address Proof

Q3. Will My Parents Be Able To Visit Me At The Universities In Russia? Will I Be Able To Travel Back Home For the Holidays Or Even Stay Back In Russia?

a. Parents, relatives, or friends of the students are allowed to visit the student at the university. They will have to issue invitations from the country, which will ensure the process of the visa from New Delhi.

b. The MBBS universities in Russia offer holidays twice in a year. There is a 15 day holiday in the month of January and a two month holiday in the summer season which occurs in the month of July and August. During the holidays the students can either stay back in the university, travel around Europe or even come back to their home country, India so that they can spend time with their families.

Our Story

May 2012- Gave AIPMT (NEET)

After Completing my 12th board I gave AIPMT exam but got failure due to high cutoff for General Category.

May 2013 - Path of Hard Work

I had a dream to become a doctor, To fulfill my dream I took one Year Drop just after 12th, Joined Coaching Institute & Studied, Worked very hard to get my dreams but again got failure And Realize the reality of extreme competition in India.

September 2013- Rays of Hope
After Months of depression, a silver lining appeared in
the form of my Phone's message ringtone, I opened
my inbox & Saw message regarding MBBS ABROAD
without Donation.Again I started to see the way to
fulfill my dreams.

October 2013- Phase of Dilemma

Seeing so many failures, I was not believing in this opportunity, I was very Confused about whether I should go Abroad or Not, Whether this agency is genuine or fake, After all these dilemma I decided to give it a Try.

September 2014- The dream come true.

Finally in September I started my classes for MBBS. It was unbelievable but I was so happy. I Started Studying hard to fulfill my dreams, It was a great experience even after I cheated by my consultant I wasn't complaining about the university it is one of the best University I believe.

January 2019- Step Towards the Change

Because of my informative videos I got so many responses and queries.. and many students ask me to help in getting admission directly to university, so I thought alot about that and I finally I made my mind to help students in admission process.

June 2019- The Great Leap

Students from all over India started joining DoctorsQuery as an Organization and trusting us because of transparency and genuine information about medical education Abroad

July 2013- Dark Time

After Failure in AIPMT, I got so depressed, My Father willing to help me to achieve my dreams, So he told me to try for Private college, I saw some rays of Hope So I went to some Private colleges regarding my admissions, When I went there, I saw that too much donation around 20 lakhs was being taken, because my Father is a Farmer I cannot fulfill their demands of 20 lakhs and once again I saw my future in Dark.

Be like a stem ce

Dec 2013:- Again met with Hurdle

Finally I landed in Russia at Simferopol Airport, I was so happy finally I was going to start my career. But after 3-4 days my consultant told me that I came here so late that's why I won't be able to join MBBS, he gave me 2 options either to join preparatory language course in simferopol, or to go back home. I was so angry my consultant cheated me he knew everything but still didn't tell me anything before coming to Russi a, Going Back and Quit was never a option for me that's why I decided to join preparatory language course

November 2018- Spreading the

Although my life was going well but somewhere in heart it always hurt how the students got cheated by consultants, whenever I saw other students who got cheated I got more motivated to take a step against them, towards the change. So finally I decided to aware the students before they come here and had no option just only to obey them. So, I choose the biggest platform YouTube, Started making Videos & Started Giving Genuine Information about Medical Education Abroad with Full Transparency.

September 2019- Bright Smiles

Brought Change to the lives of many Students. Saving them from frauds. All Students Got Successfully admission without any obstacles in Documentation Process.

"Today Continuing Forward"

Bringing Effective Change, Assisting Students in Realizing their dreams and choosing best medical university according to their wish, requirements and Budget. Helping in All Visa Related Documentation and Providing students direct admissions in Top Government Medical Universities Abroad.

Doctors Query on Next/MCI/PLAB/USMLE

DoctorsQuery is constantly helping students right away from their admissions to the completion of their degrees and further as well. By bringing knowledge of Indian education system to Russia, we are trying to take education to a whole new level. With the help of our mentors who are experienced doctors themselves, we help students to prepare for NEXT/ MCI/ USMLE/ PLAB exams and achieve the horizon of their dreams. We put efforts in giving them the best we can. Best of all, the motivation we extend to them help them to identify their abilities and weaknesses which lead them to the path of success.

DoctorsQuery, with constant endurance of our team of best erudite mentors, with their creative acumen and skills, empower students to face those examinations successfully by providing loads of knowledge, infusing a joyful subject learning experience and boasting confidence.

They use this knowledge not only in exams but also in their careers as a doctor. We bring a very well arranged schedule of classes covering a total of 19 subjects from the very first year to the sixth year. Our mentors from India try their best to make students aware of every possible thing they will face in their examinations. With them, the students can enhance their strengths and work on their weaknesses as they are there to guide them always. Tests and continuous teachings makes a great methodology which helps students analyse their weak spots they should work on. This gives them chance to work and give the best of them.

We implement experienced techniques to make aspirants gain unique blended learning opportunity to prove themselves and to make their dreams come true. We are always ready to help them in every way possible there.

Our highlights:-

- * We conduct test more often to analyse the strengths and weaknesses of students.
- * Teaching and guidance by the expert doctors from India in Russia where students actually study.
- * We give special attention to students who need it.- A total of 19 subjects are covered in the period from the first to sixth year for getting successful results in NEXT/ MCI/ USMLE/ PLAB.
- * Doubts does not remain doubts as we always discuss them with students.
